PATTONSBURG, MO., UNDER TEN FEET OF WATER TODAY

PEOPLE CLINGING TO DRIFTING HOMES

Terrific Rains Bring Big Flood Which May Be Historic Disaster

THREE KNOWN TO BE DEAD

Outside Cities Rush Aid While Townspeople Hang Onto Trees and Floating Debris

KANSAS CITY, Mo., July 7.—Even persons are believed to be dead, while scores are believed to be in danger of drowning in the floods that are sweeping northwestern Missouri. Half a dozen towns and cities are already flooded, houses and barns have been washed away, crops are threatened, thousands of heads of livestock lost and the rapidly rising waters threaten other towns with damage before morning.

At Pattonsburg late today the condition is critical. Perched on house tops and on the roofs of stores, women and children are exposed to a chilling downpour while rescue is impossible owing to a lack of boats.

Water already eight feet deep in the streets is rapidly rising. Provisions have given out and the rescue parties from other cities have been unable to get across the miles of water that surround the village.

At Chillicothe, which is threatened from the overflow of the Grand river, business has been suspended since morning and the whole village is endeavoring to save itself and to rescue other sufferers. Trenton has been surrounded by the flood. Gallatin is threatened and along the Grand river a number of smaller towns are flood swept.

Farmers are heavy sufferers. Their homes have been washed away and a number have been forced to find shelter in trees.

At Kansas City, the Kaw and the Missouri are both rising. There is danger of a serious flood there.

At Chillicothe the water is rising at the rate of 18 inches an hour. The dead so far known are: George Palmer, Pattonsburg. Mr. and Mrs. Adam Boerner, Pattonsburg. Mr. and Mrs. Clark, Pattonsburg. Six section hands, Wabash railroad, Gallatin.

"TOM" TAGGART.
Former Democratic National Chairman whose name appeared in the "White Slave" trial of Ella Gingles.

MORE SENSATION IN GINGLES TRIAL

Attorney Says "Worst Is Yet to Come" Out in the Evidence After Cross-Examination

WOMEN ARE NOT ADMITTED

Revolting Re-enactment of Scenes in Bathroom Are Cause of Clearing of Court Room

CHICAGO, July 7.—"The worst is yet to come," was the statement today of P. H. O'Donnell, counsel for Ella Gingles just before today's session of the trial of the girl on a charge of stealing lace was opened in Judge Bretano's court. While the court has announced that he will insist on the widest latitude in the testimony, he also ordered his bailiffs today to exclude all women from the room.

O'Donnell declared that after the state concludes its cross examination of Miss Gingles he expects to bring out an important phase of the case that has not yet been touched upon. He declines to say what it would refer to.

Miss Gingles resumed the stand at the morning session. She was cross questioned by Assistant State's Attorney.

(Continued on page 6.)

FIND SUPPOSED KIDNAPPED GIRL

SUN PRAIRIE, Wis., July 7.—Fears that a sensational kidnapping had been perpetrated here were dispelled this morning when Anna Strangler, 4 years old, was found sleeping in a tool shed on a farm near her father's place. She had strayed from home and got lost. Her father, believing she had been taken away in an automobile, had offered \$1,000 reward for her recovery.

BASEBALL

National league at Brooklyn—First game: Boston 10,000,101—4 7 2
Brooklyn 051,000,10—7 6 0
Batteries—McCarthy, Tuckey and Graham; Scanlon, Rucker and Bergen. Umpire—Rigler.

American league at St. Louis—Chicago-St. Louis first game called off; wet grounds.

A. M. IVEY RESIGNS FROM CITY MISSION

Health and Voice Demands a Change for at Least a Year from the Trying Labor

NEW YORK MAN IS COMING

Harry Norton Will Be Here September 1; Ivey to Remain in La Crosse and Help Out

Rev. A. M. Ivey, superintendent of the Union City Mission, which he has helped to build up to its present successful basis, has decided to give up the work for a time at least and on September 1 will turn over the affairs of the mission to Harry Norton, an experienced mission worker of Gloversville, N. Y.

Mr. Ivey and the official board of the mission have received numerous recommendations as to the capability of Mr. Norton, including one from Secretary H. W. Hoot of the New York Y. M. C. A. and Rev. Frederick E. Stockwell, pastor of the Newburgh, N. Y., Presbyterian church.

Mr. Ivey came here to start the local mission and has continued it in successful operation for about two and one-half years. At the request of the directors he will continue to do some work for the financial end and will aid in the management in many ways, but for at least a year will engage in other pursuits in an effort to restore his health and voice, both of which have been more or less affected.

BETRAYER WANTED TO KILL BOYAJIAN

DETROIT, Mich., July 7.—Lured by reports that Mrs. Ethel Boyajian, the wife, would be the first witness for the defense on the resumption of the Dr. Boyajian murder trial, an immense crowd was on hand when court opened today. The crowd was disappointed, as she will not be sworn before Thursday.

Attorney James R. Neill, who saw the shooting, was the first witness called by the defense.

Dr. Boyajian was so affected during the recital that the court took a recess to give him an opportunity to quiet down. Later when he again showed signs of breaking down, Prosecutor Van Zile cried out, "Oh, shut up, you big calf."

The story in substance was that Gostanian by sheer brute force compelled Mrs. Boyajian to submit to him, taking advantage of the doctor's absence on a lecture tour; that through fear she kept silence until the doctor returned home; that Gostanian proposed that they put the doctor out of the way with a "white, tasteless powder" that they would be free to enjoy the doctor's property.

IRON WORKERS DENY BREAKS IN RANKS

PITTSBURGH, Pa., July 7.—Officials of the Amalgamated Association of Iron, Steel and Tin Workers today denied the reports that there had been any breaks in the ranks of the strikers and declared there was no basis for the statement that dissatisfaction among the men who have struck against the "open shop" order of the American Sheet and Tin Plate company is more feared than the importation of strike breakers.

Following the establishment of headquarters at New Castle, similar plans of campaign will be adopted by the union men at different points where the larger plants are located. Part of the twenty hot mills at South Sharon were fired today and it is reported that an attempt will be made to start the plant a midnight.

So far, however, no strike breakers have arrived on the scene and officials declare that none of the strikers will return to work. An abandoned part of the New Castle mills was boarded up today supposedly to house imported strikebreakers.

BIG GOLF MATCH AT ROCK ISLAND

ROCK ISLAND, Ill., July 7.—A golf match for the largest stake in the history of the game in this country began this morning on the links of the Arsenal club here. Seventy-two holes will be played and backers of the two men are betting \$500 a hole, making a total wager of \$36,000 for the match.

The players are Ralph Hoagland, the former Harvard athlete, and J. D. Cady, runnerup in the western championship matches last year. Eighteen holes will be played this morning and eighteen holes this afternoon. Later 36 holes will be played on the links of the Chicago Golf club.

ROOSEVELT SAVES LIFE BY QUICK SHOT

Attacked by Enraged Lion at Close Quarters His Unerring Aim Proves His Salvation

A VERY POOR LITTLE AFFAIR

Ex-President Shoots Bull Hippo In Private Pond to Complete His Collection of Pelts

(By Warrington Dawson, Staff Correspondent of the United Press.)
LAKE NAIVASHA, B. E. A., July 7.—His rare skill as a marksman has again saved the life of Col. Roosevelt, who is hunting along the banks of this weirdly beautiful lake according to couriers here today.

While hunting through the jungle, Col. Roosevelt came upon some tracks of a lion which were larger than he has seen thus far during his African hunt. With his gun bearers he followed the tracks, finally coming upon the animal almost unaware. Cornered, the great beast charged furiously in the direction of Col. Roosevelt, seeking to get near enough to spring. Roosevelt had just time to seize his rifle from one of the gun bearers and fire one quick shot. But that shot was enough. The beast stopped and sank dead in the jungle grass. Col. Roosevelt's bullet had struck it full in the chest, piercing its heart. The gun bearers declare it was the narrowest call the ex-president has yet had and all are proud in their praise of his marksmanship. The lion was a black maned beast and African hunters declare it has one of the most beautiful manes and skins ever captured. The taxidermists from the Smithsonian institute are elated over the skin as it will make a rare addition to their already splendid collection.

Col. Roosevelt has had good luck the past few days and his bag includes a fine specimen of lioness, four big rhinoceroses and a plentiful variety of antelope and wildbeast. The natives with the party declare they have never packed for a more skillful or unerring hunter and that Col. Roosevelt rarely uses more than one shot on any beast of prey.

Kermitt Shoots Well.
Young Kermitt, too, has been doing a fine lot of shooting, both with an express rifle and camera. He has added to his already large list a fine lioness, an extremely rare bull elephant, which is an ox-like antelope, only a few of which are left in Africa and many smaller animals. His work as official photographer of the party, it is said, has progressed to a stage where the authorities of the Smithsonian institute who are with the party are highly elated.

Latest reports from the hunters are to the extent that both the President and his son together with all of their companions are in excellent health.

Col. Roosevelt has accepted an invitation and is now camping on the grounds of the Attendborough brothers. The elder of the brothers is Captain Frederick, a retired British naval officer. The younger is H. W. Attendborough, who for twenty years was a resident of San Francisco. The two brothers who are rich men, have built a splendid European estate and home in African mountains where they live like feudal lords of old. British manor house is in the low mountains which fringe the southern shores of Lake Naivasha, where their estate runs down to the shores of the lake.

The Attendborough brothers live in a veritable Arabian nights atmosphere. They have built a lake of their own in which they have thirty of the finest specimens of hippopotami in Africa and it is a sight to sit on the banks of this artificial sea and watch the great beasts at their play.

As Col. Roosevelt was lacking a bull hippo for his bag, the brothers insisted that he shoot one from their lake, the skin being added to the collection being shipped back to the Smithsonian institute in Washington. The estate includes the mysterious crater lake Saigsoia which has an underground connection with Lake Naivasha. It was this mysterious lake and its wonderful underground connection that suggested to H. Rider Haggard his weird novel, "Allan Quatermain."

British residents declare that the imperturbable Captain Good of this novel, was none other than Jackson, acting governor of British East Africa.

SHOOTING HIMSELF FOR LOVE OF WIFE

LOUISVILLE, Ky., July 7.—The body of Mrs. J. Honaker, wife of a local shoe merchant, was found in the river here today. After an hour her husband, crazed with grief, shot himself in the heart, in the rooms of the Maas Undertaking establishment where he was waiting to receive the body. He is dying.

MAY MARRY ELEANOR ROBSON

NEW YORK, July 7.—August Belmont on leaving for Europe today refused to discuss the report that he is to marry Eleanor Robson, the actress, beyond saying that his friendship for Miss Robson is "rather serious." He did not deny that he might marry again.

CELEBRATE CHAMPLAIN IN SONG, VERSE AND ORATORY

Samuel de Champlain at upper left, Mme. Jusserand, wife of the French ambassador, upper right; Mrs. Bryce, wife of the British ambassador, below, who are participating in the Champlain celebration.

ROOT AND BRYCE SPEAKERS OF DAY

Great Tributes Paid and Pleas for Future Made While Cody's Poem Pleases Visitors

(By R. H. Hazard, Staff Correspondent of the United Press.)
HOTEL CHAMPLAIN, Clinton County, N. Y., July 7.—Escorted by the president of the United States, Governor Hughes of New York, Governor Prouty of Vermont and scores of celebrities, including Ambassador Bryce of England and Ambassador Jusserand of France, the celebration of the three hundredth anniversary of the discovery of Lake Champlain moved today to Plattsburgh.

Yesterday the pageant and the oratory centered around the ruins of old Fort Ticonderoga, while tomorrow the speech making will be let loose at Burlington across the lake.

The exercises today began at Cliff Haven, the Catholic school of America. (Continued on Page 7)

LONE TRAMP SAVES 200RY. PASSENGERS

Disappears After Flagging Crowded Train; Floods and Washouts in West and Southwest

DENVER, July 7.—Several thousand travelers are held up today throughout Colorado by the floods which have covered the railroad tracks and made railroad travel difficult and hazardous. A large number of narrow escapes have been reported.

Near Cannon City, 200 passengers on a Rio Grande train were saved by the presence of mind of a tramp, who disappeared immediately after he had flagged the train. The train was running 40 miles an hour directly into a long stretch of "soft track."

Council Bluffs Suffers.
OMAHA, Neb., July 7.—More than half of Council Bluffs, Iowa, is under water today as the result of the recent overflowing of Indian creek, which runs through the heart of the city.

Cars Are Afloat.
CHILLICOTHE, Mo., July 7.—Heavy damage has been done and it is feared that there has been some loss of life in floods that have inundated the country north of here.

At Gaul, the Chicago, Milwaukee & St. Paul yards are under water, which is so deep that in some places heavy box cars are afloat.

WRAPPED IN FLAG, CUSHMAN GOES HOME

NEW YORK, July 7.—The body of Francis Cushman, formerly representative in congress from Tacoma, Wash., will be shipped to his home late this afternoon. The casket was wrapped in an American flag today in compliance with a telegram from Cushman's mother.

At Harrisburg, a delegation of members of congress, including Senator Piles and Representative Humphrey, will meet the train and escort the body to Tacoma.

SHOTS HIMSELF FOR LOVE OF WIFE

LOUISVILLE, Ky., July 7.—The body of Mrs. J. Honaker, wife of a local shoe merchant, was found in the river here today. After an hour her husband, crazed with grief, shot himself in the heart, in the rooms of the Maas Undertaking establishment where he was waiting to receive the body. He is dying.

BISHOP SCHWEBACH IS OUT OF DANGER

Prelate Passed the Hard Period of Illness Sunday When Fever Reached 106

PRIESTS RETURN TO CITY

Four Well Known Churchmen Bring Happy News of Recovery of Beloved Prelate

CHICAGO, July 7.—Right Reverend Bishop James Schwebach was declared by his physicians today to be past all danger. He was regarded as in peril last Sunday, his fever having reached 106, but has been mending and during the last twenty-four hours his improvement has been so pronounced that friends and members of the priesthood who were here with him have returned to their homes. The bishop will be able to return home himself shortly.

Four prominent La Crosse priests, who have been at the bedside of Right Reverend Bishop James Schwebach in a Chicago hospital to which he went for treatment, returned this morning with the glad tidings that the bishop is now past all danger. They are Very Reverend Monsignor A. Ph. Kremer, vicar general of the diocese; Reverend G. Shuyter, Reverend Father Condon and Reverend A. Kaluza. They immediately took means to acquaint the public with the happy circumstance of the bishop's recovery.

WRIGHT BROTHERS BUSY WITH REPAIRS

WASHINGTON, D. C., July 7.—The Wrights are back on the job. Offering no explanation of his mysterious trip to New York yesterday, Wilbur put in an appearance at Fort Myer today only a short time after the arrival of his brother Orville from Dayton. The latter had journeyed to the aeroplane shop to secure some special canvas and other material to repair the damage caused by last Friday's flight. No body knows when the flights will be resumed and neither of the brothers will venture a prediction, although both declare that the repairs should be finished within a day or two.

AMERICAN CAPITAL FOR CHINESE ROAD

LONDON, July 7.—German and French bankers held a formal conference today with English bankers and Willard Straight, formerly United States consul at Mukden, who represents the American banking syndicate trying to secure participation in the Hankow Schenn railroad in China. It was given out that no agreement was reached. The German bankers oppose allowing American participation while the French and English bankers are inclined to be favorable.

Superior, 5; La Crosse, 12.

Games Today.

La Crosse at Superior.
Eau Claire at Duluth.
Winona at Wausau.

SUPERIOR, Wis., July 7.—(Special.)—Schardt added another victory to his credit, when he defeated the local aggregation here yesterday by the score of 12 to 5. The big pitcher had been sent on a day ahead of the rest of his team and was in good condition for the game. Although he allowed nine hits, they were well scattered and the runs made by the Drillers came mainly because of the six errors which the visitors made.

The Outcasts batted like demons, getting a total of 16 hits off Peterson and Baertschi, and Manager Drill is now thinking that it is a poor thing to put a southpaw in the game against the La Crosse team.

This victory coupled with the Lumberjacks' victory over Winona yesterday puts the Outcasts in second place again. The score:

R H E

La Crosse 12 16 6

Duluth 5 9 4

Batteries—Schardt and Klein; Peterson, Baertschi and Cooper.

Duluth, 16; Eau Claire, 9.

DULUTH, Minn., July 7.—In a game filled throughout with errors and bonehead playing Duluth took the first game of the series from the leaders. Morrow was batted out of the box and Worman, who relieved him, could not stem the fusillade of hits. Right Fielder Kicz was hit in the head by a batted ball and seriously injured. The score:

R H E

Duluth 22 21 17

Eau Claire 9 9 5

Batteries—Murray and Mueller; Morrow, Worman and Benrud.

Wausau, 5; Winona, 0.

WAUSAU, Wis., July 7.—With Big Dunbar back in form and working like a clock the Lumberjacks had little trouble in taking the opener from the Winona Scrappers yesterday afternoon, the Minnesota team being shut out because they could not hit Dunbar at the proper times. Nelson went the whole route for Winona and was hit hard and often. Score:

R H E

Wausau 5 10 2

Winona 0 6 3

Batteries—Dunbar and Johnson; Nelson and Moore.

MUTUALS WILL

NOT BE TAXED

WASHINGTON, D. C., July 7.—Fraternal organizations, building and loan associations operated exclusively for the mutual benefit of their members, labor organizations or any corporations operated exclusively for religious, charitable or educational purposes, will be exempt from the taxation provided in the recently adopted corporation tax. An amendment to the effect was today adopted by the senate after considerable discussion.

SAFFORD PROTESTS
WINONA CONTEST

The game played at Winona Monday afternoon has been protested by Manager Safford of the local team on the ground that the rules agreed upon by Manager Killian, Umpire Osborne and himself, because of the crowd on the field, were not obeyed properly, this being responsible for the Winona victory.

It was agreed that a hit into the crowd would be good for two bases, but Barlow after slamming one along the right foul line into the congregated fans, was held at first base by Osborne. In this inning Kraher made a pretty hit to center field, which would easily have scored Barlow, had he been permitted to remain at second as the ground rules provided. The run would have tied the score. Malloy was ousted from the grounds in the seventh inning after protesting against the rank decision of Osborne.

KAUFMAN MEETS
"JACK" JOHNSON

SAN FRANCISCO, July 7.—Sporting gossip now has it that Al Kaufman may be substituted for Stanley Ketchel as an opponent for Jack Johnson in the bout proposed by Jimmy Coffroth for this fall. Coffroth is not at all pleased with the showing Ketchel made in his fight with Papke Monday and it is said he believes Kaufman will make a better drawing card with Johnson than the Michigan boy.

If the substitution is made it will be strictly a gate receipt move, as Coffroth still thinks, well of Ketchel as a middleweight, but does not think his victory over Papke decisive enough to warrant pitting Stanley against a heavyweight.

Ed Papke, Billy's manager, and Billy himself are still sore over Rerex Roche's decision in awarding the fight to Ketchel, but yesterday signed articles to meet Jim Flynn July 17 in Los Angeles. This match was originally arranged for Ketchel, but he says the condition of his hands will not permit him fighting again that soon.

MIDLOTHIAN WINS CUP.

CHICAGO, July 7.—The team representing the women golfers of the Midlothian Country club is winner of the Higgins trophy over the Los Angeles Country club in the play off of a tie. The trophy goes to the club making the best score against par on its own course. The Midlothian team finished fifteen down, while Los Angeles finished eighteen down. When the first round was played last Thursday each team finished six down. Miss Alva Saunders of the Midlothian team finished yesterday's round two up.

ATHLETES DEFEAT
THE COMMERCIALS

The La Crosse Athletics won a closely contested game from the Caledonia Commercial Sunday afternoon by a score of 3 to 2. The entire game was played in a drizzling rain, but a fair sized crowd was on hand. The batteries for Caledonia were Beddow and Hunt, and for the Athletics Nutting and Jack Wais.

Caledonia's two runs came in the fourth inning on a base on balls and two hits.

The Athletics scored in the fifth inning, when with men on second and third, Nutting drove out a two bagger and tied up the score, making victory possible for the Athletics. In the seventh the Athletics scored the winning run when Wais singled, stole second and came in on Kircheis' third hit of the game.

Nutting struck out 14 of the Caledonia sluggers, getting the first three men up in the first inning. Beddow of Caledonia also pitched fine ball, getting 9 strikeouts.

The Athletics will play the Winona Cardinals at the League park here next Sunday and a fast game is assured. Nutting will work for the Athletics and Stohr, the Alma star, will probably be on the slab for the Cardinals.

The score:

R H E

Athletes 000020100—3 8 1

Caledonia 000200000—2 5 3

Summary: Two base hits—Nutting, Davis (batted for Giller in the ninth), Wheaton and Hunt. Stolen bases—Wais. Bases on balls—Off Nutting, 2; off Beddow, 1. Struck out—By Nutting, 14; by Beddow, 9. Time of game—1:50.

RUSSIAN CHIEF A
WOULD BE ASSASSIN

PARIS, July 7.—Premier Clemenceau has begun an investigation of the sensational report that Michael Landesen, chief of the Russian secret service, is really the fugitive Heinkelmann, who was sentenced to five years in prison in France for an attempt to assassinate Czar Alexander III, father of the present czar, czar.

The Boston Americans took two close games from Washington yesterday. The first 3 to 2, and the second 2 to 0. Bunched hits and an error won the first contest.

In the second, Larry Pape, a new pitcher from Milwaukee, in the A. A., pitched his first game and held the visitors to four hits.

Groom also pitched a good game, but fast base running by Lord, an error, and Stahl's home run won for the locals.

The Philadelphia's won their fifth straight game from New York by a score of 3 to 2. Home runs were responsible for four of the five scored. Demmitt hit for the circuit in the third inning with Sweeney on base, and Davis made a four bagger in the next inning, when Hartel went on first. The Philadelphia's hit was the longest ever made on the local grounds, clearing the left field fence. Philadelphia got the deciding run in the fifth on a single by Oldring and a double by Hartel.

Cleveland completely outplayed Detroit, winning 6 to 0. Summers was hit hard throughout, but Schaefer's fast fielding cut off several runs. Young was effective. Of Detroit's five hits only one went past the infield.

A see-saw game was won by Chicago, 5 to 4. Poor pitching was largely responsible for the defeat of St. Louis.

Chicago defeated St. Louis 4 to 1. Evers' and Tinker's batting was the feature of yesterday's game, the former hitting safely each time up. Tinker getting a double and a triple. Higginbotham was hit only four times, two of the safeties with an error in the seventh, saving the visitors

Good beer is a Good diet

It is, at the one and same time, a sparkling, delicious thirst-quencher and a highly nutritious food.

It performs every function in the sustenance, cleansing and toning of the human system.

It, alone will actually sustain life for a long time without any other food or drink.

In conjunction with other foods it aids digestion; adds a piquant relish to the appetite; promotes the digestive juices of the mouth and stomach.

ELFENBRÄU

is the very personification of purity and nutriment.

You need never go wrong in the beer you select—you can always be sure.

And it is just as easy to get the best—the very best—if you ask, by name, for Elfenbrau. Then, when you get it, see that it bears the Trade Mark—in that lies your surety, safety.

It certainly is worth the experiment—if you have been getting unsatisfactory beer—to phone or drop a postal to our family department.

C. & J. MICHEL BREWING COMPANY

THEIR
MARK

a shutout. Rain prevented the second game.

Philadelphia defeated New York 3 to 1. McQuillin kept the Giants' hits well scattered, while the Phillies bunched hits with Marquardt's passes and an error by O'Hara. Doyle was sent to the clubhouse for arguing with Umpire Klem, Martell, formerly of the Steubenville, O., team caught his first game for Philadelphia.

Wilhelm outpitched Ferguson, holding Boston to three hits. An error by Hummel in the ninth on a dropped throw, gave Beck a chance to kick the ball into right field with Stem on first base. Stem scored. Bergen and Hummel were put out of the game for kicking. McMillan's work was the feature.

Pittsburg made it three straight from Cincinnati by shutting out that team by a score of 5 to 0. Better base running might have given the visitors at least two runs. Pittsburg clinched the game in the first inning, when four runs were scored.

When a woman goes to the trouble of getting up a big dinner it is too bad to disappoint her.

MOST SCIENTIFIC PLAYER MAY BE OUT FOR GOOD

NEW YORK, July 6.—It is possible that Willie Keeler, the right fielder of the New York Americans, and admittedly the most scientific player in the game, may never again don a spiked shoe. In the recent series with Cleveland here Keeler was spiked. At first it was thought that the injury was serious enough to keep him out of the game for three or four weeks, but it is now certain that he will not play again this season, and doctors are fearful that he will never again be able to go on the diamond.

MORE MONEY SENT
TO MRS. RUMSTICK

Mrs. John Rumstick, whose husband deserted her some time ago and who Humane Officer Charles H. Berry found with her two small children almost starving in her home on the Mormon coulee road, has today secured sufficient money from her brother to transfer herself and her children to his farm in North Dakota and she will be guaranteed a good home in the future.

HARRIS WANTS PROBE

FREMONT, O., July 7.—Reiterating his charges of deplorable conditions existing in the stock yards at St. Louis former inspector James Harris Tuesday sent another letter to the secretary of agriculture asking for an open probe.

Harris says the "crimes that are being perpetrated at the National stockyards at St. Louis are the most dastardly in the history of the United States."

ZULU BANDIT CHIEF
AND BAND WIPED OUT

MANILA, July 6.—An official report to Maj. Gen. Wm. P. Duval, commanding the division of the Philippines, by Col. Hoyt, commanding the troops of the Island of Mindanao, telling of the extermination of Jikiri, the famous outlaw chief yesterday was made public today.

The fight occurred yesterday on Jolo island, the largest of the group ruled by the Sultan of Zulu. The entire band that has been operating with Jikiri was wiped out. The American loss was one man killed, three officers, twenty enlisted men and one sailor wounded.

The Moros fought until the last man was dead.

HARRIMAN IS ILL

SEMERING, Austria, July 7.—Dr. Streumel, the noted physician who is treating E. H. Harriman, the American railroad king, visited his patient again yesterday and declared Harriman is showing much improvement. Dr. Streumel ordered Harriman to continue the fattening treatment he is undergoing until he starts for Gastein, where he will take the baths for some time.

The announcement that Harriman was suffering from a kind of paralysis created intense excitement in America, judging from the number of cables of inquiry that have been received as to his present condition.

Mrs. Housewife:

and that the manufacture and sale of it is to be stopped. Surely you want your bread and pastry to be pure and wholesome. Then why wait—why not order, now, MARVEL Flour? It is made only from the highest grade wheat, in the good old fashioned, natural way, and contains all the nourishing and health-giving qualities of purest wheat. It costs no more than Bleached Flour and goes a great deal farther. When buying baker's bread remember what Uncle Sam's experts say—insist on its being made of MARVEL Natural Unbleached Flour.

Listman Mill Company, La Crosse, Wis.
The only large Flour Mill in the U. S. that has never sold Bleached Flour.

THE COMPLETE NEWS OF THE NORTH SIDE TODAY

BEAUTIFICATION OF MILL STREET BEGUN

N. S. Committee Views Old Buildings and Some Owners Promise to Co-operate

The special committee appointed by President Louis Lavake of the North Side Progressive association in the last regular meeting to make necessary arrangements for the improving of Mill street, started the work yesterday afternoon. The committee, consisting of Father Ambrose Murphy, L. E. Lavake and William Dwyer made a house to house canvass taking note of the shabby old buildings which spoil the appearance of the street. After this work has been completed the owners of the buildings will be communicated with and some provision for the removing or tearing down the structures will be made. One owner has expressed his willingness to start the plan of removing the old buildings but up to the present time he has not been able to get the Asryan families which occupy the houses to move into other quarters.

DOUBLE TRACK TO ELM GROVE NEEDED

Preparations for a double track on the Chicago, Milwaukee & St. Paul railroad between Milwaukee and Elm Grove, which it is said will cost in the neighborhood of \$500,000, have been completed by the officials of the company.

Most of the right-of-way has already been purchased and if present plans mature the actual work will commence not later than August 1.

T. C. Sherman, assistant secretary of the road, says that the reason for the double tracking is the increase in business on the La Crosse & Prairie du Chien divisions. Trains on these divisions use the same tracks between Milwaukee and Elm Grove.

FUNERAL OF WELL KNOWN ENGINEER

The funeral of George Bradburn, a well-known Dubuque division engineer, will be held at Preston, Minn., tomorrow afternoon, where he has made his home recently. Mr. Bradburn has been suffering from appendicitis and failed to recover from the shock of the operation which was performed upon him Monday at the St. Francis hospital by Drs. Evans and Dvorak. He was 36 years old and leaves a widow and two children.

For many years Mr. Bradburn ran between La Crosse and Dubuque, but more recently had been on the Preston-Reno branch.

BAPTISTS WILL HOLD SERVICES

The official board of the Baptist church has decided to hold regular morning and evening services during the summer, in lieu of union meetings, as in the past. Rev. Ayscue will have the month of August for a vacation period and will spend the time quietly in this vicinity. Miss Florence Keating will give a violin solo each Sunday evening.

FORMER RESIDENT DIES IN 'FRISCO

Word has been received here announcing the death of Edward S. Jones of San Francisco following a several week's illness from Bright's disease. By the older residents of the north side Mr. Jones will be remembered as a former citizen of this city.

At the time of his death he was manager of the San Francisco club and was one of the best known horsemen on the coast. He was 40 years old and was a native of Boston. When a young man Jones came here and lived on the north side. He left the city twenty years ago for San Francisco, where he has resided since.

SUICIDAL MANIA STARTLES PARISIANS

PARIS, July 7.—Not for many years have the people of France and particularly the citizens of Paris been so aroused over problems relating to the French children as they are today over the alarming extent to which young children between the ages of 14 and 16 years have been committing suicide.

Within the past month, nine children, apparently without cause, have deliberately put an end to their lives. While the police and other public authorities are attempting to unearth a reason for the children's mania for self destruction, Maurice Barres, the playwright, author and deputy representing the department of the Seine in which Paris is located, made an impassioned speech before the chamber in which he blamed the whole suicidal tendency upon the teachers in the public schools. So great was the impression made by Barres' speech that an investigation has been begun and the result has thrown French mothers and fathers into a paroxysm of fear for their children's safety.

Those who incline to Barres' belief and his explanation is now the generally accredited one throughout the nation, feel that the investigation into the curriculum of the schools should be thorough and impartial and prosecuted until it will be possible for those in authority to suggest proper and remedial changes in methods.

Though the investigation up to date has been very limited it has already been shown that in Clermont school, a boys' institution in Paris, there existed a suicide club as complete in its ramifications as the mythical organization of similar nature related in stories of the most morose authors. A few days after the organization of the club, the first "drawing" was taken. The lad drawing the fatal number blew out his brains before his class of school companions. Scarcely had the revolver dropped from his fingers to the floor when a companion of the victim picked it up, managing to hide it so secretly that it has not yet been located.

Whether the agitation for a change in the curriculum of the schools advocated by Barres will result in an immediate change is not known. Those who have been interesting themselves on the subject, however, are certain that it will be a matter of time until the young French mind will no longer be forced to study such works as those of Schopenhauer, merely to acquire a knowledge of the "classics."

A wise man never guesses that a woman is over 40 years old—in her presence.

STEAL MARCH ON FRIENDS AND WED

"Sunny" Fred Berger and Miss Rose Rohr United by Rev. H. C. Maglessen of South Side

Quietly stealing to the south side, where they were married, unbeknown to their friends, by Rev. Maglessen, Miss Rose Rohr and "Sunny" Fred Berger worked one over on their acquaintances who had prepared to give them a worthy send off. Friends mistrusted that the young people were to be made one in the near future but the exact date no one could find out. Last Wednesday evening the couple stole to the south side, where Rev. Maglessen lay in wait to tie the knot. Mr. and Mrs. Berger will make their home on the north side. Mr. Berger is a popular employe at the La Crosse Can company.

WRIGHT'S SVENGALI MADE HIM FIRE BUG

NEW YORK, July 7.—A second arrest is expected today in one of the most peculiar cases that has ever come to the district attorney's office in years. James Hunter Wright, an artist, walked into the district attorney's office yesterday and declared that he wanted to be arrested for having set fire to his studio nearly four years ago.

When he committed the crime he said he was under the influence of another man whose personality he was unable to resist.

Wright awoke this morning in the Tombs and declared that he had slept last night for the first time in years and that he is content to stay in jail. Wright first told his story to Alexander A. Fisher, his cousin. Fisher advised that he surrender himself and went first to the district attorney's office to see if Wright's confession would be received.

When the authorities heard the story they took Wright before Magistrate Crane and he was charged with arson in the second degree and sent to prison in default of \$10,000 bail. The name of the other man is being withheld, but the police say he will be arrested.

NORTH SIDE ADVERTISING AND NEWS HANDLED FROM THIS OFFICE.

NORTH SIDE IN BRIEF

The Ladies' Aid society of the North Presbyterian church will hold their regular meeting with a picnic supper tomorrow afternoon at Myrick park.

Mr. and Mrs. John Schweigert have returned from Ettrick, where they spent the Fourth.

Mrs. George Kobiltz left for Canton Falls this morning to visit relatives a few weeks.

Miss Ruth Granke is visiting in Caledonia this week.

Mr. Charles Groth, who has been visiting on the north side the past two weeks will return to his home at Dubuque tomorrow accompanied by Miss Muriel Granke.

Miss Susie Foley is recuperating from the effects of an operation for appendicitis.

Miss Lena Lienokken, 1352 Wood street, has returned from a visit in the Twin Cities.

Mrs. J. M. Coughlin and children, 1430 Wood street, have returned from a visit with relatives at Reedsburg, Wis.

Mrs. J. Redman, and daughter, 814 Gillette street, have gone to Whitehall, Wis., for a visit with relatives.

The Plus Ultra club of the Tabernacle Baptist church will hold an ice cream social Thursday evening on the lawn of Mrs. C. W. Flint, 1807 one street.

Rev. A. A. Randall, 1815 Charles street, has returned from a trip to Marshfield, Wis.

The Epworth League of the Caledonia street M. E. church will have a garden party on the H. L. Partidge lawn, 1433 Charles street, July 22nd.

Mr. John Roggensack, 2010 George street, is confined to his home by illness.

Mr. and Mrs. E. M. Pardis, 210 Kane street, left Sunday night for an extended trip through the west. They expect to be gone about three months.

Mrs. Peter Hellin, 1453 George street, is confined to her home by illness.

J. W. Tibbits of Sioux City is in La Crosse on a short business visit.

Erickson leaves an estate of approximately \$10,000, besides the Park bakery property which is unincumbered. He died intestate. His heirs are his widow and three minor children.

MORSE AT HIS DESK

NEW YORK, July 7.—Charles W. Morse, the banker who was liberated from the Tombs on the heaviest bail ever exacted here, is back to work today in new offices opened on the twentieth floor of the Exchange Wall building. His new offices are just above the rooms occupied by his bank that went to pieces in the crash of 1907.

They lack the luxury of his old offices, but are decorated with flowers at the windows. Morse says he will remain in New York until his case, which is on appeal, is closed.

MARVIN GETS \$16 FOR HIS BEATING

North Side Alderman Fails in Suit Against Ray E. Hiseox Who Resented Slander

COSTS FALL UPON PLAINTIFF

Verdict Opened in Court Today Considered a Victory for the Defense

Damages in the sum of sixteen dollars were awarded to George B. Marvin, Jr., by a jury in circuit court yesterday, for the beating which he received on Oct. 9 of last year at the hands of Ray E. Hiseox. The jury was out but twenty minutes, and inasmuch as by the charge of the court the jury was compelled to award at least six dollars, the cost of a broken pair of glasses, to the plaintiff, and compensation as it saw fit for other medical services, the verdict is regarded as a victory for Hiseox. A motion for a new trial was immediately made by Messrs. McConnell and Schweizer, plaintiff's attorneys.

Evidence was admitted yesterday tending to show that Marvin had circulated a story to the effect that Hiseox was one of the number of young men arrested in the raids of the police upon the roadhouses near La Crosse last fall. Hiseox went to Mr. Marvin's office to confront him with the story and in the argument which resulted Hiseox's temper got the better of his discretion and the plaintiff received severe physical punishment.

Morris and Hartwell are Mr. Hiseox's attorneys. Unless the motion for new trial is allowed by the court Monday, the costs of the action will fall upon the plaintiff, under the statute which provides that in actions of this kind the plaintiff must recover at least \$50 in order to recover costs. Marvin sued for \$1,000.

gotten his entire transaction with Jehlen, but was willing to plead guilty. The court was disposed to believe his story and the minimum sentence of 45 days in jail was imposed. Before being committed to the care of the sheriff the prisoner asked permission to repay Jehlen his \$2.

KING PETER FALLS; KINGDOM IN FEAR

BELGRADE, July 7.—Seized with a fainting fit, King Peter today fell off his horse while riding in Ptopschider park. He was severely bruised and shaken and was carried to the castle by attendants in a serious condition.

The whole city is aroused at the accident because it is feared that should King Peter's condition prove serious the political autonomy of Serbia will be menaced. Since the Balkan trouble and the discovery of an alleged plot by Peter for the formation of a Slavic empire, Austria has watched every move of Serbia and Russia has been ready to step in to his aid should his kingdom be threatened.

The court surgeons issued a statement a short time after the accident that his majesty was not seriously injured and would recover in a few days.

BOOZE BORROWED; DUNNLEY DIDN'T

William Dunnley, 63, who said he came from California, is one of the ablest trackmen who ever had a job on the railroads, has a craving for whiskey which he is unable to control, and a failing memory, besides a tendency to deceive, was arrested by Policeman Larry Dugan yesterday and brought into county court on a charge of obtaining money under false pretenses.

Dunnley, when arrested, had over \$27, besides a "jag" which the police appraised at about \$5. While in this condition he went to the butcher shop of D. Jehlen on South Third street and after telling the proprietor that he was foreman of a section crew, and placing a large meat order, borrowed \$2 from him. In court yesterday Dunnley had for-

EDITING PROFITABLE IN WEST SALEM

D. Trimbell, editor of the Nonpareil-Journal of West Salem, left this morning for his home in his new Jackson touring car, accompanied by an expert chauffeur.

The car is one of the best made by the Jackson people, being a large five seated touring machine. It has a long graceful body, built so as to offer the least possible resistance to air. The wheel base measures about 120 inches.

It is equipped with a 40 horse power 4 cylinder Jackson engine. The thermo-syphon system of cooling the engine eliminates a large amount of the noise that is audible in the cars which are cooled by the use of water pumps.

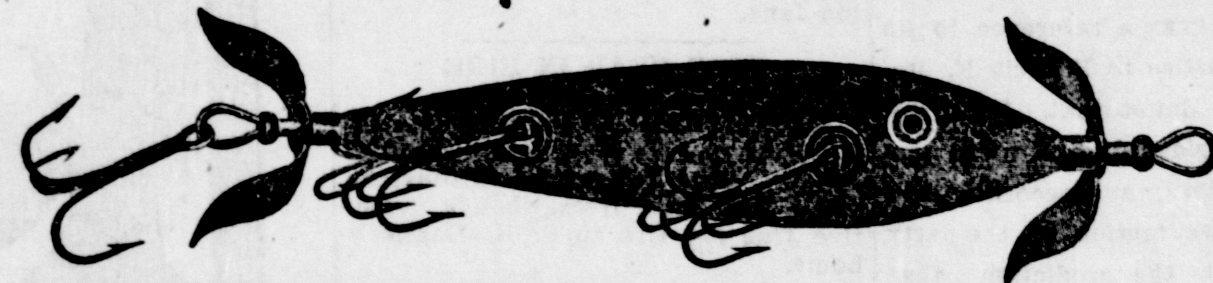

Mr. Trimbell stated that he expected to make the trip in about 45 minutes.

WAR EAGLE WILL WRESTLE IN WINONA

Big Chief War Eagle, who tried to put on a wrestling match in this city, meets "Bull" J's a, the famous Chicago heavyweight wrestler at the Philharmonic hall at Winona this evening. Both men have trained faithfully for the match and are in the pink of condition. The bout will no doubt be attended by many of the followers of the wrestling game from this city and it is safe to say that it will be one of the largest matches ever pulled off in this vicinity. Both men have national reputations and are well versed in the science of the game.

This is the match that War Eagle attempted to treat the sportively inclined of this city to, but it was turned down because of the police regulations.

Heddon's "DOWAGIAC" Surface Minnow

AN ARTIFICIAL MINNOW WHICH WILL NOT SINK.

Every detail in the design of this bait has been carefully studied and experimented upon for years, the special hook presentment being such that it is a comparative sure killer.

This bait possesses the several patented features of all the 'Dowagiac' minnows, is coated with the special 'Dowagiac' enamel (which does not come off); is finished in the new four-color 'Rainbow' effect, or Fancy Back, or white, with blended green back, and many other colors.

QUINCY HERE.—The steamer Quincy of the Diamond J packet line steamed into the La Crosse harbor yesterday afternoon for the first time this season. The boat has been overhauled and is now in the best of condition for the summer trade. The boat stayed here about two hours.
QUINCY COMING.—The steamer Quincy of the Diamond J line, is due to arrive in the city tomorrow at 10 o'clock in the morning, southward bound.
W. W. HERE.—The steamer "W. W." arrived in the city this morning to take care of several excursions.

NORMANNA PICNIC
HELD NEXT SUNDAY

The regular annual picnic of the Normanna Sangerkor will be held next Sunday at the grounds of the La Crosse Sharpshooters' association at West La Crosse.
Committees in charge of the event are arranging an attractive program of music and stunts for the occasion and the outing will be made one of the most successful ever given by the Sangerkor.
Aside from the regular musical program a number of athletic events, including a tug of war, fat men's race, sack race and events for the ladies will be participated in. Refreshments will be served on the grounds and other Norwegian societies have been invited to be present. Conveyances will be arranged for to meet the street cars at the corner of Caledonia and St. Cloud streets.

SOUTHERN ITALY
AFRAID OF QUAKES

ROME, July 7.—Panic prevails throughout southern Italy as a result of the prediction of seismological experts that more severe earthquake shocks than have yet been experienced will shake the entire Mediterranean coast in the future. Reports from Calabria and Sicily show the population in a state of wildest excitement and fear.

The inhabitants of towns in southern Italy are fleeing from their homes to the open country where they hope to escape the dangers of the quake. In their frantic preparations for flight the inhabitants have drawn out all of their savings from the smaller banks, loaded their personal effects on many kinds of vehicles available and deserted their houses. Along the country roads through the south, long trains of nondescript wagons, carts and barrows drawn by men, women and children are hurrying frantically to the farm and vineyard district.

Lack of food to supply the travelers threatens to grow serious and the authorities are at a loss to cope with the situation. Every effort of the government to allay the panic of the people has been without avail.

The good faith of the authorities is doubted by the majority of the population by the publication of the story that the Catania relief fund was converted into an immense source of graft by the officials. This scandalous story has led the peasants to argue that the authorities desire an earthquake catastrophe that they may have the handling of other public relief funds. The experts confidently assert today that the general quake which they are sure will come tomorrow will be felt by re-percussive shocks of the severest character in central and southern America.

The best seems to be a little too good for some people; at least, they are always looking for the worst of it.

PERSONALS

The best yet, the New Pop!
Miss Clara Olson, formerly of this city but now of Minneapolis, is the guest of friends in the city.
Miss Violet Helliokson, who has been visiting friends in the city for the past week, left yesterday for her home at Mabel, Minn.
Dr. M. W. Dvorak has changed his residence from 418 Main to 531 Main. Office address same as before. Office phones new 780-A; old, 3853. Residence phones, new, 694-Green; old, 9781.
Leslie Derr has accepted a position with the United States Express company of this city.
O. M. Jorstad, who has been visiting his parents in this city left Sunday for his home at Wilkinsburg, Penn.
W. G. Bate of Ripon, Wis., who has been in the city for the past few days, left today for Viroqua.
Gay Lohse of Winona visited friends in the city Monday.
William Donald and wife of Prosper, Minn., spent the Fourth in this city.
J. F. Lapitz, plumbing and heating. Pumps put in, repaired. Both phones.

W. L. Johnson and wife have returned to their home at Sheridan Ill., after a few days' visit with La Crosse friends.
Arthur Kaufman of Viroqua transacted business in La Crosse yesterday.
Remember the Woodmen consolidation meeting Friday night.
J. N. Summerfield of Sparta came to La Crosse yesterday on a business mission.
Claude Boardman and wife have returned to their home at Chicago after making a two weeks' visit with La Crosse friends.
Dr. George Powell, consulting physician and surgeon.

Albert F. Baumann has sold property in Smith and Batchelder's addition to Anna Schmidt, near Ninth and Madison street, for \$700.
The residence of John A. Daniels, 1128 State street, is being improved.
Edward Kriebich has purchased property in the town of Greenfield for \$900 from Lizzie Strittmatter.
Dr. Will Powell, diseases of women
John D. Jarvis, professor of dairying at Purdue university at Purdue, Ind., is in the city visiting relatives.
Mr. Jarvis is an old La Crosse boy and has held many positions of trust since his departure from La Crosse some years ago to work his way through the university of Wisconsin.

Albert Iverson and Dennis McCauley have gone to Fond du Lac to attend the meeting of the Spanish war veterans.
John L. Weiss has brought his family back to 827 South Ninth street after a residence of a couple of years in Evansville, Ill.
Emil Miescher left today for St. Paul after spending the Fourth with local friends.
Dr. Frank O'Brien, diseases of men, cor. 3d and State Sts.

The Western Power Boat association holds motorboat races at Peoria, Ill., Wednesday, Aug. 18th, for motorboats not exceeding 40 feet, for a \$500 cash premium and \$250 cup.
J. C. Wolford has purchased of Anna Grunner property in the Losey addition for \$1,000.

Miss Isabelle Evans of Bangor, a graduate of the Oshkosh normal will teach in the La Crosse schools next year.
E. V. Wolfe, who has been a resident of La Crosse for some time, has resumed his residence in Sparta.
Fred Servis of Chicago is visiting relatives in La Crosse.

John Willing has returned from his wedding trip.
Col. and Mrs. B. Overstreet of St. Louis have gone to the Seattle fair after spending a few days with their daughter, Mrs. W. B. Tschanner, in this city.

The Modern Woodmen consolidation meeting Friday night promises to be a very interesting affair.
Attorney A. H. Schubert was orator of the day at the Holmen Fourth of July celebration.

Miss Esther Stavrum left yesterday for Seattle, where she will visit the Alaska Yukon exposition.
The Ladies' Industrial society of the First Baptist church will meet Thursday afternoon in the church parlors.
Ira E. Hatch of Tunnel City and Maud I. Kilmer of this city were united in marriage by Judge Leonard Kleeber.
Mr. and Mrs. R. G. Young and wife of Watertown, Ill., are visiting La Crosse friends for a few days.
D. B. Doon of Madison is in La Crosse on business today.

Hear B. F. Keeler on the Sanatorium question at the Woodman meeting Friday night.
A large crowd of people went out on the steamer W. W. today to attend the Congregational excursion.
The ladies of the English Lutheran church are enjoying a picnic today. The party left the church in buses early this morning.
Cement sidewalks are being extended through to Cass street in Madison court on both sides of the street.

Supervisor William Bradley of West Salem was in La Crosse yesterday on business.

SOCIETY

BIRTHDAY PARTY
Saturday afternoon Miss Mildred Speltz entertained a number of young ladies and matrons at supper in honor of her birthday. The guests were Mesdames Loefler, W. B. Fraser, the Misses Olga Candrian, Ida Zeisler, Elsie Forster, Anastasia Felzer, Bernice Felzer, Grace Herken, Emma Dittman, Grace Ott, Helen Gantert, Anne Hackner and Florence Beckman.

PORCH PARTY
Monday afternoon Miss Olga Candrian entertained a few young ladies at a porch party for Miss Ruth Cleveland of Waterloo, Ia. The guests carried their needlework and spent a pleasant social and informal afternoon. Refreshments were served upon the porch.

AN "AT HOME" AFTERNOON
Yesterday afternoon Miss Bertha Hickisch and Miss Tessie Hickisch gave a pleasant afternoon at home yesterday, in honor of Miss Leonore Beckman, whose marriage will take place early in the fall.

One feature of the affair was a handkerchief shower, the guest of honor receiving many pretty and handsome mouchloires as a reminder of the occasion. The rooms were profusely decorated with field daisies and ferns.

Mrs. Albert Gantert and her sister, Miss Kuehl of Chicago, presided in the dining room, serving coffee and salad. Their assistants were the Misses Florence Beckman and Emma Dittman. The Misses Maud Boyd and Ida Ziesler alternated in serving ice cream and were assisted by the Misses Lillian Kroner and Flora Guenther and the Misses Julia and Kate Hackner.

A PICNIC AT DRESDEN PARK
A party of La Crosse people enjoyed a pleasant day at Dresden park upon the Fourth. Otto's launch conveyed them to their destination. Those who attended were Mr. Thos. Shimmins, Miss Lillie Shimmins, the families of Messrs. H. L. Taylor, F. J. Corry, George Barrett, Dr. Rasmussen, Rev. J. E. Ayscue, S. A. Johnson, F. G. Sexner, S. F. Munn, M. H. Landpphair, W. S. Seculin, F. C. Renken of Winona, Mr. Chapel and the Misses Bair and Antoinette Brown of Minneapolis.

MOTOR PARTY.
Mrs. Louise Withee took a party to West Salem this morning where they were to join Mrs. McDowney and son, and Mr. Leonard Lottridge and go to Lewis Valley for the day. Those who went from here were Mesdames Louise Withee and her guests, Mrs. Varney, Miss Maud Varney, Miss Cynthia Varney and Forrest Varney, Mr. Charles Smith of New York and Miss Geneve Caldwell.

SOCIAL BRIEFS.
Mr. and Mrs. Alex Paul and children have returned to their home at Watertown, Fla.
Mr. Charles G. Smith of New York is visiting at the home of his aunt, Mrs. J. C. Caldwell. Mr. Smith is the son of the late J. Irwin Smith, who was first pastor of the First Presbyterian church of this city.

Mr. and Mrs. G. A. Dahlgren of Chicago are visiting at the home of Mr. and Mrs. J. W. Dahlgren.

Mrs. J. M. Henry of Clear Lake, Ia., is visiting friends in the city.

Mr. and Mrs. S. J. Solon and children of Madison, S. D., who have been staying with friends in the city over the Fourth, have continued their travels and will go from here to Pontiac, Mich.

Miss Lulu Coren, who has been in Chicago for the past few months, returned to her home this week.

COMMITTEES MMET

The bridge committees will meet tonight at the city hall to decide upon the several matters that were referred to them at the last meeting of the council.

THIS CHICKEN WILL
SURELY GET HIS FILL

James Kozlitz, 2814 Mormon Coulee Road, has a chicken with four legs which was hatched out July Fourth. The freak will probably live, as it seems active and scratches and digs with all four sets of claws. Aside from being a quadruped, the chicken resembles any other fowl. The extra pair of legs is located just behind the regular legs.

ASKS SCHOOLS AID
TO INCREASE WATER

President Day of Board of Public Works Believes Co-operation Will End the Shortage

At the suggestion of President James T. Day, of the Board of Public Works, the building and grounds committee of the Board of Education will co-operate with the Board of Public Works in an effort to conserve the water supply. It has been suggested that during the heated period a considerable saving may be made in the amount of water used in the public schools. Mr. Day expects that some measure of relief from the shortage will result from this step.

JACOBS TAKES OUT
A LAUNCH PARTY

George Jacobs was host at a launch party yesterday afternoon which was unique. There were six invited guests beside the host, who acted as commodore and as soon as they boarded their cruiser, the launch "Jacobi" at the local wharf, the commodore named his crew and assigned them to the following positions: William Duffy, pilot; F. H. Taylor, chief engineer; Jos. Lapitz, assistant engineer; Harry Olson, steward; Charles Niebuhr, "nigger roustabout;" "Slim" Amundson, cabin boy.

MANY WARDENS TO
LOSE THEIR JOBS

MADISON, Wis., July 7.—(Special.)—Few appointments have been made in the state game warden's office. It is understood that a few appointments will be made for a sixty day period and that in the meantime examinations will be held in the senatorial districts.

Under the new law appointments are made in the senatorial districts, instead of the assembly districts as was the former custom. As the certificates of appointments of many of the game wardens expired last week, it is now the belief that many of them will not be appointed, but that a sufficient number will be selected to carry forward the work until permanent appointments can be made.

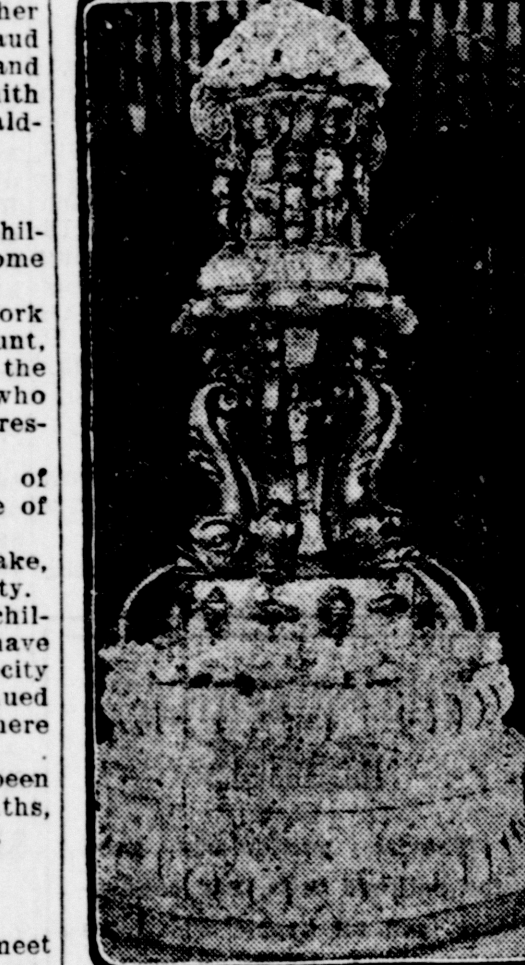

Governor Davidson is not expected to return to Madison until the latter part of the week. After attending the fourth of July celebration at Fond du Lac, he went to Camp Douglas, where he will remain until Thursday or Friday. His private secretary, Col. O. G. Munson is now at Viroqua but will visit the troops at Camp Douglas before he returns.

MAY SUTTON WINS
IN FINAL DOUBLE

SAN RAFAEL, Cal., July 7.—Friends of Miss May Sutton, champion woman tennis player, are congratulating her today upon her victory in another match in which the score was "won love."

Harry B. Ham, banker and capitalist of Mexico City, is the vanquished player but he says that he will be able to beat all comers now that Miss Sutton has consented to play doubles with him the rest of her life. Miss Sutton announced her engagement today.

WEDDING CAKE
AS TALL AS BRIDE

WASHINGTON, D. C., July 6.—The cake that graced the table at the recent wedding breakfast here of Rene Rauscher and his bride, who was Miss Julia Miller, is said to have been the largest ever made. It was four feet in circumference and stood six feet high, considerably taller than either bride or groom.

The cake was a marvel of the chef's art and cost \$700. It was profusely sprinkled with bonbon figures of Cupid and trimmed in gold filigree. Scattered throughout the contents were dainty favors for the fortunate guests.

Mr. Rauscher is the son of the proprietor of a restaurant here patronized by society. His bride was a popular debutante. After an extensive honeymoon abroad they will reside in Washington.

JOHN P. BIRD IS
SUPERINTENDENT

Head of Local Schools Re-named Last Night Without Any Fight

Superintendent of Schools John P. Bird was re-elected to that position last evening at the July meeting of the board of education, without opposition. Theodore Arenz was also re-elected clerk. The meeting was held Tuesday night owing to the celebration of the Fourth on July 5th.

Col. Holway was the only member absent and L. F. Easton was appointed secretary pro tem. Bills amounting to \$351.15 reported by commissioner Ray were approved. A fence to cost not more than \$35 will be built at the Sixth district school to protect the lawn. The grounds and buildings committee will attend to repairing steam pipes at the high school. A bill was allowed for 74 German text books purchased for the use of the high school.

CELEBRATE OLDEST
MASON'S BIRTHDAY

MADISON, Wis., July 7.—The eighty-ninth birthday of David H. Wright of Madison, past grand master of the Masonic lodge, will be fittingly celebrated Friday afternoon. The Masonic fraternity are requested to unite with Madison lodge No. 5 in a reception to him at the Masonic temple from 8 to 10 o'clock.

Mr. Wright is prominent in Masonic circles and is known all over the state. He is a Knight Templar Mason and a thirty-three degree member of the Scottish rite. But aside from this he is one of the oldest and best known citizens of Madison. He came here May 7, 1844, and there is not a house standing at the present time that has not been erected since his arrival. Mr. Wright was born July 9, 1820, and for some time lived on a farm near Madison, after the family had moved here from Otsego county, New York. There is but one other man living, who can claim longer residence in Dane county than Mr. Wright, and that is George Stoner.

By trade Mr. Wright was a carpenter and followed this vocation for nearly fifty years and many of the residences and public buildings in this city are monuments to his skill. He was a member of the board of trustees while Madison was still a village.

In Masonic circles every one knows of David H. Wright and it is believed that the reception which the lodge is planning to give him on Friday, will be one of the largest and most pretentious affairs ever given by the local Masonic fraternity.

erguelen, or the Island of Desolation, may be the scene of the next gold rush. Situated midway between the Cape of Good Hope and Australia, it is one of the dreariest and most forbidding spots on the surface of the globe.

FATHER KILLS HIS BOY FOR A BURGLAR

Child Sommambulist Slain and Dies In Arms of His Heart Broken Parent

GALION, O., July 7.—Fred Kloppe shot and killed his six-year-old son Herbert early today in the belief that he was firing at a burglar. The child died in his father's arms a few minutes later, conscious of his parent's inconsolable grief and the terrible mistake.

Mrs. Kloppe was awakened by the sound of footsteps down stairs at 1 o'clock. Her first thought was of Herbert, who sometimes walked in his sleep, but having satisfied herself that the boy could not have walked down stairs without falling she called her husband.

Arming himself with a revolver Kloppe started down stairs and discovered someone moving about in the parlor. The thought of Herbert and his sleepwalking never occurred to his father.

Kloppe fired four shots in rapid succession. At the report the boy exclaimed: "Oh, papa, oh papa! Stop!"

Before Kloppe could stay his trigger finger the fourth bullet was fired, penetrating the boy's heart.

The father was found by a neighbor clasp his dying son in his arms. Beside him was the mother speechless from grief.

The boy died while being lifted to an operating table. Kloppe told his story to the police and was not detained.

STANDARD ATTORNEY DIES OF INDIGESTION

PITTSBURG, Pa., July 7.—Thos. M. Bakewell, an attorney for the Standard Oil Co., with offices in Pittsburgh and New York, died at noon in the offices of the United States circuit court, of acute indigestion. His residence is at Plainfield, N. J.

TO IMPROVE "BIG MUDDY."

YANKTON, S. D., July 7.—The national Missouri river navigation congress opened here today for a session lasting several days. Many men prominent in the agitation for a revival of the traffic on the "Big Muddy" are present and will make addresses. It is believed the congress will do much toward reviving traffic on the Missouri river.

"There's a Reason"

OPEN YOUR DOORS FOR NORMAL PUPILS

President Cotton Issues a Statement and Appeal to Citizens of La Crosse

WHAT NEW NORMAL MEANS

City Will Become an Educational Center But Students Who Come Here Must Have Homes

"What the new state normal means to La Crosse," is the title of a statement and appeal to the people of this city which President F. A. Cotton gives to publication today. The essential thought involved is that a large number of bright, clean and ambitious young people are coming here as students, and that citizens must open their homes to them. Prof. Cotton says:

"In less than two months a new enterprise begins its existence in La Crosse. I refer to the opening of the new normal school—an institution that will take its place among the various organizations of this city, and will connect itself vitally with every interest here—business, social, intellectual, moral and religious. It is difficult to realize what an addition to the life of a city such an enterprise is.

"According to natural, reasonable expectation, the school will bring to La Crosse—in a few years, if not at the very first—from three hundred fifty to seven hundred people. This means increased business to all tradespeople—to the dry goods merchant, the grocer, the shoe man, the furniture dealer, to those who rent rooms and keep boarders.

La Crosse an Educational Center
"The fact that La Crosse will now become one of the educational centers of the state, is in itself an excellent advertisement. This knowledge will bring to our city the best class of pupils—not only the best type of ambitious young men and women to mingle and associate with our own sons and daughters, but families who will settle here for the educational advantages to their children. This added influence will be no small gain to the good already existing here, for they can get not only the equivalent of a high school course, but at the least two years of college work at their very doors.

"The social and intellectual advantage to La Crosse of the permanent residence of some twenty-five or more members of the normal school faculty, men and women who are college and university graduates, persons of broad outlook and wide culture—I say, this alone is an influence for good in any community hard to overestimate. This must mean added impulse to the literary club life, the social life of the city, its Y. M. C. A. and Y. W. C. A., its Sunday schools and churches—organizations in which these new persons will take their places and find their work.

Rooms and Board Desired.
"Now it is hoped and confidently expected that so enterprising a city as La Crosse with its Commercial club, with its civic pride, as seen in its beautiful streets and parks, its attractive homes, etc., will not be slow to see in the opening of the new state normal school an exceptional opportunity for advertising the city, and will therefore lend all aid and encouragement especially in the beginning in order that this first impression of La Crosse (which is always the lasting one) carried by the students to all parts of the state, may be the best possible—such as will mean a rapidly increasing attendance.

"To this end the citizens will, I believe, make it a matter of local pride to help popularize the school from the very first; to make its opening the most auspicious. It is hoped that if necessary some inconvenience will be endured or sacrifices made by the citizens in order to provide suitable homes including rooms and board for the young people intrusted, so to speak, to the city's care each year. All should realize that in opening the best homes to these students the benefit is not all on one side. If from the first, word goes out that students can find good accommodations at reasonable rates—in other words, that La Crosse makes ample and first class provision for her student population—this will go far toward the school's rapid growth. It is hoped therefore, that large numbers of the houses in the vicinity of the normal school will be thrown open to the students.

"Persons desiring to offer board and rooms should notify

"F. A. COTTON,
"President State Normal School,
"1141 State Street."

JEW'S REPUTATION IS WORTH \$500.00

In circuit court this afternoon was taken up the case of Isaac J. Slop-chiver, a Jewish rag-picker, against James Thomason for \$500 damages for alleged slander for the alleged circulation that he had stolen a stove. Frank Withrow represents Slop-chiver, and Winter and Kleeber the defendant.

It is a pity that we cannot reverse things and start at the tip. It would be so easy to reach the bottom.

PEOPLE ARE NOT ANGELS AFTER ALL

Most of Them Who Have Free Bridge Passes Violate Them by Going Beyond Park

METERS ARE TAMPERED WITH

Board of Public Works Says Water Machines Are Put Out of Commission Sometimes

The board of public works complains that the bridge passes which have been issued to the citizens of the city are being violated. The passes have a small printed statement on them reading "To Pettibone Park Only" and below reads, "forfeited if used west of the park." The board feels that the people of the city should regard the free passage to the park as a privilege that is not to be abused in the manner which it has been for the past month. Many complaints have come in that people with passes are daily going west of the park, for business as well as for pleasure and many of the passes have been taken up by the bridge tender.

Tamper With Meters

The board also finds that many of the water meters about the city have been tampered with in an effort to stop the machine from registering when the city water is being used. It has been decided that in such cases the owners of the meters will be charged full rates for the water consumed. Several of the meters are badly damaged and one is practically destroyed so that it can never be used again.

MORE SENSATION IN GINGLES TRIAL

(Continued from page 1.)

torney Short regarding her life at Belleville, Ont., where she was formerly employed as a maid.

Tried to Save Taggart
Short had questioned the witness briefly about the alleged mention by Miss Agnes Barrette, of the name of Tom Taggart of French Lick Springs, Ind., when Attorney O'Donnell resumed redirect examination. Answering questions the girl declared O'Donnell had urged her not to mention Taggart's name and that the state had forced her to mention it. She further testified she never saw Taggart, never knew him and knew nothing whatever about him, excepting that his name had been mentioned by Miss Barrette during the scene she alleged took place in a local hotel on the night of Jan. 4.

Taken to Bathroom
Miss Gingles showed the jury some scars on her wrists and declared they were received on the night of Feb. 16, when she alleges she was drugged, slashed, bound and gagged and left in a bathroom at the Wellington Hotel. Answering questions of her attorney she declared that that night, after she was taken to the bathroom by Miss Barrette and a man, she was given what she thought was medicine and lost consciousness almost immediately. Before she lost consciousness, however, she said Miss Barrette tied her wrist to her knees and the man cut her many times on the body. When she came to she was in a local hospital, she declared, and there were 23 wounds on her body. Court then adjourned.

OPERATE TIN PLATE MILLS

SHARON, Pa., July 7.—Arrangements were completed at South Sharon today for the starting of the American Sheet and Tin Plate plant on non-union lines. A long warehouse at the Brey Street plant which had been abandoned for over 18 months has been equipped for eating and sleeping quarters, cots having been taken in and a chef and his assistants arrived from Pittsburgh. It was reported tomorrow or Friday five of the hot mills will be in operation.

R. B. Hoyt and wife of Chaseburg are visiting La Crosse friends for a few days.

HANDS CRACKED RAW AND SCALY

Itched and Burned Terribly—Arms Affected, Too—Could Not Move Thumbs Without Flesh Cracking—Sleep and Work Often Impossible—Was Fairly Worn Out.

CUTICURA SOON CURED HIS FEARFUL ECZEMA

"About a year ago an itching humor began to appear around the back of my hand. It started in to spread, and pretty soon it covered both my hands and got up over my wrists and even burned up to the elbows. The itching and burning were terrible. My hands got all scaly and when I scratched, as I was doing a good part of the time, the surface would be covered with blisters and then get raw. The eczema got so bad in around the pit of my thumbs that I could not move the thumbs without deep cracks appearing. I went to my doctor, but his medicine could only stop the itching and did not seem to heal my hands up at all. At night I suffered so fearfully that I could not sleep, often lying awake until well toward morning, then waking up still tired. I am a chef and steward by trade and I had to give up my place, as my hands were so terrible to look at that they did not like to have me around about the food. I could not bear to touch them with water, but when I positively had to get my hands clean I would rub them with oil.

"This sort of business went on for three months and I kept trying zinc and tar ointments and such remedies with no particular benefit. I did not know what to do, for I was fairly worn out. For a long time several friends kept asking me why I didn't use Cuticura and at last I thought I would. First I got the Cuticura Soap, then Cuticura Ointment, and at last Cuticura Resolvent. I put the Cuticura Ointment on at night, covering my hands with light cotton gloves. In the morning the inside of the gloves would be lined with scales, sometimes half as long as your finger, leaving nice healed places where the scales had been. In a month I was cured and have kept so now for nine months. My hands and arms are perfectly clear of all traces of eczema and I think I am well rid of it. Walter H. Cox, 16 Somerset St., Boston, Mass., Sept. 25, 1908."

Cuticura Remedies are sold throughout the world. Peter Drug Co., Chicago, and all druggists. *Man. Mailed Free. Cuticura Book on Skin Diseases.*

"TAMMANY" OPENING TOWN TO GAMBLERS

Gaynor Won't Be Tammany Candidate; Bingham to Oppose the Tiger

NEW YORK, July 7.—The tip has gone forth that New York is to be "the wide open" town and the gamblers are again flocking to the city for the first time in several years. Upper Broadway in the hotel district today took on a look that recalled the old days before Canfield and his ilk were driven forth.

Little groups of faro dealers, "sure thing men" and "wheel rollers" congregated on the corners and in the lobbies and a many sided fight for the rental of good locations for gambling houses was in progress.

Everything points to a revival of the gambling that will surpass the conditions before the "clean up" when Bingham became police commissioner. Meantime Commissioner Baker and the "lawyers" sit tight and say nothing.

Mayorality Fight Looms Up

NEW YORK, July 7.—In political circles today there is a strong undercurrent feeling that Justice Gaynor, whose charges resulted in the dismissal of Police Commissioner Bingham, will not be the Tammany candidate for mayor as was first forecast by his victory over Bingham.

Gaynor has let it be known that if he were elected he would be independent in action and speech.

This declaration, it is believed, may eliminate him from the contest.

Turned to look for another candidate. Two men, both justices of the supreme court, are said to be under consideration. They are Judge Dowling and James W. Gerard. Gen. Bingham, from his summer home in Nova Scotia, has announced himself as a candidate on the fusion and anti-Tammany tickets. If he is wanted. There seems little doubt at this time that Bingham will be the anti-Tammany candidate.

\$1,054.09 WITH INTEREST VERDICT

To recover \$1,200 for wool turned over to the La Crosse Wool and Fur company to be sold on commission, and on which they allege accounting was not made by the La Crosse company, Coates Bros. sued the La Crosse concern. The case was heard in circuit court this morning and went to the jury at noon. Messrs. Wolfe and Wolfe appeared for the plaintiffs, and McConnell and Schweizer represented the defendants. The defense contended that the discrepancy in the accounts of the La Crosse company and the wholesalers was caused by shrinkage in weight brought about by the evaporation of the moisture in the wool.

This afternoon the jury returned a verdict awarding the plaintiff damages of \$1,054.09 with interest at 6 per cent since August 12, 1908.

PRINCE COLLAPSES ON TRIAL TODAY

Sensational German Degeneracy Case May Never Be Finished Owing to Condition

EMPEROR HAS PRIVATE WIRE

Arranged to Get Complete Details of Trial of His Former Court Favorite

BERLIN, July 7.—With a special staff of stenographers attending to transmit telegraphic reports to the kaiser at Kiel, the trial of Prince Philip Von Eulenberg, formerly favorite of the emperor and the most powerful man behind the scenes of the German court, began today.

The emperor's desire to keep in close touch with the trial of his former favorite led the imperial office to arrange to supply the kaiser with all the details. A special telegraph line from Kiel has been installed, and relays of stenographers transmit the verbatim report of the proceedings to his majesty.

The interest shown in the Eulenberg trial far exceeds that shown in the Moltke case or any other recent German trial. Long before the now feeble 68 year old prince was carried from his automobile in an invalid's chair to the courtroom, all approaches of the court house were crowded. The aged prince accompanied by his wife who is still a beautiful woman despite her 69 years, and his two sons were among the first to enter the courtroom. Despite his feebleness he answered the judge's questions in a clear tone, declaring that he was innocent.

The public was barred from the courtroom, owing to the nature of the evidence.

Lying in his invalid chair for hours listening to witnesses for the government proved too much for Von Eulenberg and shortly before the time for the noon recess he collapsed entirely. He was carried from the courtroom to an ambulance and taken to his castle at Lienenberg. Judge Kanto immediately adjourned the trial.

Grave doubts are now felt as to the possibility of ever completing the trial of Eulenberg on account of his physical condition.

The case of the government against the prince grew out of the Maximilian Hardin libel suit founded on charges made by Hardin that the members of the round table clique, including Eulenberg, were indulging in degenerate practices. Eulenberg took the stand and denied the charge. In a subsequent trial two men, witnesses for the government, told of improper acts committed in the company of Prince Eulenberg. On their statement Eulenberg was indicted.

Eulenberg was arraigned for trial a year ago, but his ill health forced a postponement. The perjury upon which Eulenberg is being tried is one of the most severely punished in German criminal law. No other punishment than penal servitude is possible, and the maximum penalty is ten years.

WAS ANOTHER BOMB THROWN IN CHICAGO?

CHICAGO, July 7.—Has bomb No. 32 been thrown?

This is not only uppermost in the minds of the police but the general public of Chicago as well, following an explosion that wrecked the home of the mother of Geo. W. Jackson at an early hour today.

Jackson is the contractor who was building the crib in Lake Michigan where seventy men lost their lives last January when the crib burned to the water's edge. The contractor's mother has not lived in the house that was blown up for two months and the house being vacant, no one was injured by the explosion.

The police express the belief that the explosion may have been caused by gas but others cling to the belief that the house was dynamited by some one who may have lost relatives in the crib disaster and believed Mrs. Jackson to be in her home. The house was completely demolished, fire breaking out after the explosion.

SIX HURT IN WRECK.

ST. LOUIS, Mo., July 7.—Six persons were severely hurt today when a Wabash freight train crashed into a passenger train at Ferguson station. The passenger train was unloading when the freight came up. The freight crew saw they could not stop in time to prevent a crash and whistled a warning. The passengers heard the signal and tried to get out, but some of them were in the cars when the crash came.

MARRIAGE LICENSE

A marriage license was granted today to George P. Zein and Miss Ida C. Boisvert.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S. S. S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

DERMA VIVA Whitens The Skin At Once.

Is used in place of powder—has same effect but does not show. Cures Eruption, Freckles, Moth or Liver Spots. Brown arms or neck made whiter at once. Price 50c.

DERMA VIVA COLD CREAM, 35c.

ERHART'S DRUG STORE.

PEOPLE CLINGING TO DRIFTING HOMES

(Continued from page 1.)

flood, barns, sheds and trees have been carried away and it is feared that through the farming region there has been a heavy loss of life.

Reports of a great loss of livestock have come in. At Pattonsburg the water now stands eight feet deep in the streets and is still rising.

Refugees have gone to the school building, which is one of the most substantial structures in the town. Two hundred and fifty people are said to be housed there. In the mill, an old stone structure near the banks of the river, a number of others have sought refuge.

At Mercy of Fire.

A fire broke out late last night, and there was no means of fighting it. The home of Dr. T. C. Worley was destroyed and Worley and his family escaped on planks and are now in the top of a tree. They have been there since last night.

Early today a wagon load of boats left Chillicothe to rescue eight persons who are in trees at the edge of the flood. The rescuing party has not yet returned.

Man Found in Tree.

Farmers who escaped from the flood made their way to Chillicothe where they tell of a desperate battle against the water. Many of them waded out in water neck deep. A few managed to float on planks until they found places where they could wade. One man, Claus Jacobs, was rescued from a tree at 3 o'clock today. He had been in the branches since midnight when the flood swept him against the trunk and he grasped it and climbed to safety. He, with two other men, had been trying to rescue some livestock. The stock drowned.

Rescue Work Difficult.

The swift current makes the work of rescue everywhere difficult. Even the water that has flooded the lowlands is moving swiftly.

Late advices say Trenton, a city of 5,000 in Grundy county, has been made an island by the overflow of the east fork of the Grand river.

The flood at Pattonsburg has put bakeries and groceries out of commission and people are beginning to suffer from hunger. Chillicothe, acting on a call for relief, late last night, prepared a thousand loaves of bread and sent them as far as possible on the Wabash railroad.

The train was stalled a few miles from Chillicothe and backed to the city again. The tracks are now said to be impassable.

A relief train with bread and provisions was sent from Galatin at daylight. The train was stalled, about four miles from Pattonsburg. From there parties in boats will endeavor to take the supplies to the people in the marooned city.

Fires Burn to Water Line.

During the fire at Pattonsburg this morning two residences and a lumber yard burned to the flood line.

No news has been received from the relief train that started from Kansas City today. It is believed that it is stalled at the edge of the flood.

Heavy Rains Today

The water at Pattonsburg rose so rapidly that few people had a chance to make any preparations to fight the flood.

The flood, the survivors say, began yesterday but was not considered seriously. Suddenly it began to rise rapidly. Down the two rivers great heads of flood water rushed until in a few hours the town was under a couple of feet of water. The rivers are rising and a heavy rain is falling here today.

Claims One Victim.

The flood at Council Bluffs has claimed one victim. Mrs. Mary Krasmiger, 50 years old, was drowned on her farm just outside the city Monday night.

She left home to care for her son who was away from home when the storm came. She stepped from the Wabash roadbed into three feet of water. Her body and lantern were found a quarter of a mile apart.

Section Men Missing

GALLATIN, Mo., July 7.—A gang of six section men sent out by the Wabash railroad to keep driftwood away from the Grand river bridge last night, is missing today. It is believed that they have been swept away in the flood and drowned.

Floods in Mexico

TORREON, Mex., July 7.—Heavy rains throughout the entire republic crippling train service by washing out tracks but saving thousands of head of stock. The rain loss is estimated at a quarter of a million dollars while the loss of cattle during the drought is estimated at \$2,000,000.

FALCONIO A CARDINAL

ROME, July 7.—The rumor that Archbishop Falconio is to be raised to the cardinalate in November is confirmed by several of the clergy who are in the vatican circles.

CARD OF THANKS

The undersigned desire to express their sincere thanks for the many kindnesses shown by friends and neighbors in the illness and death of John A. Beier.

THE FAMILY.

MILLS RESUME.

ELWOOD, Ind., July 7.—Four mills are operating at the local plant of the American Sheet and Tin Plate company and the announcement is made that sufficient men are inside to keep these mills going indefinitely and that the material being produced is equal as good in quality as ever turned out at the local mills.

U. S. C. E. SESSION

ST. PAUL, Minn., July 7.—The 24th international convention of the United Society of Christian Endeavor began its sessions today. There are 4,000 delegates and 10,000 visitors.

I HAVE opened a shoe repair shop at 507 N. 12th St. All work done promptly. Prices right; workmanship the best. Nels Elverum. 7-6-8
FRANCE SHAKEN BY QUAKE
PARIS, July 7.—A large area of France bordering on the Mediterranean was shaken by a severe earthquake shock lasting several seconds this afternoon. The inhabitants of the territory surrounding the town of Rognac were badly shaken. Reports say that the houses were shattered though no deaths are recorded. The quake was accompanied by a heavy rainstorm.

MORE FIREWORKS SOLD THAN EVER
Restrictions Do Not Diminish Trade as Would Be Supposed; Big Crackers Most Popular
Contrary to the general impression, the sale of fireworks of all sorts this year surpassed the sales of last by a considerable margin, and in the case of some dealers more than double the stock of a year ago was disposed of. It is true that there was an absence of the terrific detonations which used to reverberate from one end of the city to the other, but this was due to the fact that the cannon cracker has long been on the statutory blacklist. It is the belief of dealers, however, the people celebrated the Fourth just as enjoyably as ever and that the restrictions placed upon noise devices in no way diminished the "patriotism" of the city's youngsters.
The line which is reported to have had the greatest run was the maximum size firecracker, three inches long. Thousands of these were sold, especially to the older celebrants with more money to spend than the real enthusiasts of less years. Although comparatively small, these crackers sufficed to satisfy the most extreme noise lovers.
Torpedoes were less in demand than in previous years.
The slump in canes and ammunitions was very noticeable. On previous Fourth the cane with the cap arrangement at the end was one of the most sought after contrivances. This year, however, very few sold and no small amount of caps was left upon the shelves of the fireworks stores.

ROOT AND BRYCE SPEAKERS OF DAY
(Continued from page 1.)
ca. where President Taft delivered an address to the students. The president was introduced by Gov. Hughes.
Following these exercises the president and other distinguished visitors inspected the wigwags of the Indians who are taking part in the pageant and shook hands with the squaws and papooses.
Then the president reviewed a dress parade of the regular troops and the New York national guardmen who are encamped at the famous old Plattsburg barracks.
Immediately after the dress parade President Taft, Governor Hughes and Governor Prouty, Ambassador Jusserand and Bryce and others delivered speeches eulogizing the pioneers who blazed their ways through the forest wilderness 300 years ago.
Taft Speaks to Students
President Taft's speech was to the Catholic students.
"Fifty years ago," he said, "if we had sent a representative to the Vatican it would have given rise to severest criticism. It fell to my lot to make an important journey some time ago and I claim the distinction of being the only representative of the United States to the Vatican."
"There was great pleasure to meet that great statesman and pontiff, Leo XII. I had expected to find him a figurehead, whose acts were directed by the cardinals. I was agreeably surprised to find him at 92 in active control of the church. He was able to stand and deliver an address of 20 minutes duration. We did not succeed in settling matters then exactly as we wished but we made progress. When I left him the pope said:
"You have not got exactly what you want in exactly the way you want it, but I am going to send representatives to the United States so you can settle it in accordance to the wishes of the government of the United States."
"The thing was settled all right and so has everything since then."
The president ended his speech by saying he ought to talk about Champlain but he felt like the doctor who could cure only one thing and that was fits.
"I'm great on the Philippines," said he, "and know very little about anything else. Still a little talk about them will not be out of place."
Root Makes Speech.
Senator Elihu Root delivered the principal address which recounted the struggle between England and France for the control of the great domain.
Cody's Poem.
An original poem "Champlain and Lake Champlain," by Daniel L. Cody, was read by the author. The opening stanza recites the purpose of the celebration, as follows:
We meet to raise the lofty strain
Of lands beyond the Western main;
Of Henry's men and Richelieu's ships,
Of mounting hearts and trembling lips;
Of brave De Monts and bold De Chastes,
Of hardships strange and hazards vast;
Of Pont Grave and Poutreincourt,
Of flaunting flags and graves obscure;
Of dunes as drear as drear d'Olonne,
Of streams as fair as fair Garonne;
Of Winter's blasts and Spring's perfume,
Of Hontfleur's hopes and Dochet's doom—
Of man's new-found inheritance,
The wondrous land of Nouvelle France.
The closing stanza gives an idea of the ambition of the people in the Champlain region for their section. It is as follows:
As Brutus fell and kissed his mother earth,
We journey to this region of our birth,
Fully ready to embrace, if so might

PHILANTHROPIST TO DIE A POOR MAN
Daniel K. Pearson Will Give Away His Final Million Before He is 90 Years Old
CHICAGO, July 7.—When Daniel K. Pearson, who has given millions to small educational institutions all over the country reaches his nineteenth year next year in April he will be a comparatively poor man. Only enough will remain of his once vast fortune to sustain him in his declining years.
This was the announcement made by the philanthropist today. He declared he would devote the remainder of his nineteenth year to distributing his last million dollars among various educational and philanthropic institutions of Chicago. He declined to state what institutions would be beneficiaries but said he would not give any money to Chicago university, believing that institution already had more than it needed.
"I have been giving away money for nearly a quarter of a century," he said today, "but it's a pretty strenuous task and I want to get rid of the worry by the time I'm ninety."
Dr. Pearsons has never attached any conditions to his gift.
be,
This boundless ocean of our infancy;
A prismed pendant, dropped from out the skies,
Between the everlasting hills it lies,
Reflecting every cloud and every star—
No man arranged the scene, and none shall mar;
No foe to life that loves the crystal wave,
Shall make this sea a vast and turbid grave;
Sweet were these waters, tasted by Champlain,
And healthful, sweet, and clear they must remain;
Fair were these shores in virgin beauty then,
But fairer now, set with the homes of men;
And fairer, happier shall they be, when Trade Again resumes the way from which she strayed;
When lofty ships, and lines of barges long,
Shall bring, with costly bales, the sailor's song;
The Caughnawaga's dream may yet be true—
A port here rise more rich than Rome e'er knew.
And if it be that Glory is the sun Of those gone hence—of those whose day is done—
What fools of light must fill the Elysian ways,
Wherein the great Explorer's spirit strays!

Bryce Also Talks.
Ambassador Bryce observed that in speaking for the United Kingdom and the British empire he would not say very much, as they were pretty well known. He would dwell on what France had done, not only by those bold pioneers of discovery in North America, of whom Champlain and La Salle are the most striking, but by her great thinkers, by the brilliancy of her literature with its grace and its wit, by her wonderful gift of diffusing ideas, by the power she had shown of quickening intellectual activity and refining artistic taste in other nations. After reviewing the early French and Indian wars and commenting on the military activity of Champlain, Ambassador Bryce said:
"Most of this fighting might have been avoided by a larger and more Christian statesmanship, and the moral I should like to see drawn from these commemorations of war would be the avoidance of such methods in the future. No renewal of strife need be feared between the three nations now engaged in this consideration. France, Great Britain and the United States are all linked by what I believe an enduring friendship."
"Let us appeal to the great ones of the earth, one of the foremost of whom we have here in President Taft, to use all their influence in the promotion of peace and good will among the nations."
"Let our generation furnish no more battlefields to be commemorated. Let it rather be remembered as the generation which did away with this method of settling differences."
In the evening a banquet in honor of President Taft will be given at the Hotel Champlain followed by a fireworks display on the Saranac river.
NOTICE TO CREDITORS.
State of Wisconsin, In Probate: La Crosse County Court.
In the matter of the estate of John Benson, late of the city of La Crosse, in said county deceased.
Letters testamentary in said matter having been granted to James Thompson, of La Crosse, Wis., notice is hereby given that six months after the 25th day of June, A. D. 1909, are allowed to creditors to present their claims against said deceased for examination and allowance; and that said Court will on the 4th day of January, A. D. 1910, at 10 o'clock a. m. of said day, at the court room of said Court in the Court House in the City of La Crosse, in said county, examine and adjust all claims and demands of all persons against said deceased.
By the Court,
JOHN BRINDLEY,
County Judge.
Dated this 25th day of June, 1909.

THE DAILY MARKETS
FOREIGN MARKETS
New York Stocks
NEW YORK, July 7.—Southern Pacific was the strongest feature in the opening of the stock market selling at 134, a gain of 5-8. The important railroad issues generally showed fractional gains in the first few minutes and Smelting was up 1-4. Other industrials were generally steady but receded slight fractions during the first fifteen minutes.
11 a. m.—There was considerable liquidation after the first few minutes, causing declines in many leading speculative issues with losses extending in some cases to more than a point. The Wabash issues showed a decided heaviness. A loss of a point was sustained in Union Pacific and Southern Pacific. The Rock Island issues were in good demand.
Government bonds unchanged; others strong.
Noon.—The most important trading was in Southern Pacific, which was steadily bought from the start. It receded with the rest of the list but persistent buying absorbed all the supply on the decline and later took the stock again up to and above 134. Rock Island issues and St. Louis and San Francisco second preferred showed decided activity and strength and there was a strong tone in several important western railroad shares. Steel common continued heavy and there was further scattered liquidation in a number of issues. New York Central, Inter-Metropolitan preferred at midday showed fractional net losses.
2 p. m.—A stronger tone prevailed in the afternoon with a good demand for stocks of the corn roads discounting to an extent the expectation of showing of heavily increased corn acreage in the government crop report tomorrow, coupled with a belief that the condition will range high as compared with preceding years. This buying was most pronounced in the Rock Island issues.
Chicago Livestock

Chicago Grain
CHICAGO, July 7.—The wheat market opened 1 1-4 cents higher. Traders all went home short yesterday but were covering this morning. Oats fairly active, 3c higher. Corn, without feature. Provisions easier. July wheat eased off fractionally during the forenoon. Oats advanced slightly, corn remained about the same.
Close—Wheat closed higher all around, July, however, only scoring 1-8c advance. Corn and oats higher.

Doerflinger's

THE BIG STORE—ALWAYS LEADING.

\$2.50

Buys Any Boys'

Plain Pant Suit

in the store.

Former prices were \$3.50 to \$7.50

These are all this Season's Suits, but do not sell as well as the "knicker" suits, although qualities and colors are just as good; we have, therefore, put a price on them, to move them. You may have any style coat, color, pattern or material in sizes for boys of 7 to 16 years. There are plenty of the higher-priced suits in the collection, too, but anyone of them is an extraordinary value for the money.

Special Millinery Announcement

Your choice Tomorrow and Friday of our \$3.50 and \$4.50 Trimmed Hats at **\$1.98**

This includes quite an assortment of New York hats, also a number of very pretty creations from the hands of our own trimmers, many being in styles for late summer wear. You remember what splendid values we've been offering at \$3.50 and \$4.50 all season, don't you? In face of this, we consider the reduction very unusual even for the season, but we never do things by halves here, and have determined to sell them Thursday and Friday. Come expecting to find just what we say, regular \$3.50 and \$4.50 hats at

\$1.98

Note Main St. Window Display

Annual Slaughter Sale of Wash Goods

Continues Tomorrow.

Our entire stock of this season's materials is included in this sale, mind you, at one or other of the following prices, also a brand new shipment which just came in Sunday. Prices are:

5c, 8c, 12½c and 19c

for materials that have been selling from 10c to 50c

We always close these materials out directly after the 4th, and both the qualities and the prices are worth boasting about this season. No other chance like this to buy the material for summer dresses so cheap.

WISCONSIN NEWS

VETERANS FIGHT FOR DEPARTMENT HEAD

FOND DU LAC, Wis., July 7.—Intense rivalry for the honor of department commander developed Tuesday morning during the business session of the encampment of the United Spanish war veterans.

Four candidates are now in the field. J. S. Frat, Ripon; J. Armstrong, Milwaukee; Michael Graetzinger, Chilton, and Otto Harrass, Milwaukee.

Another pretty contest developed between Appleton and Sheboygan, both of which cities want to entertain the 1910 encampment.

One of the principal questions to come up and on which sentiment is about evenly divided is the advisability of changing the date of the annual encampment from July 4 as at present, to some day in June simultaneously with the encampment of the Grand Army of the Republic. Many of the delegates are of the opinion that the time for closer affiliation with the older organization has arrived.

"VETS" NOT TOO OLD TO SAVE LIVES

MILWAUKEE, July 7.—A crowd of 2,000 persons witnessed a thrilling rescue at the Soldiers' home Monday, when Mrs. C. P. Bolter, Douglas, Ariz., and her husband fell into the lagoon when their boat capsized. Mrs. Bolter was saved by the bravery of three veterans who forgot their age and infirmities at the sight of the drowning woman.

Abner P. Smith, 66, was the first to plunge into the water, and as the aged veteran threw off his coat and swam rapidly toward the drowning woman, there were cheers from the crowd.

Quickly following him was Harold Gaston, a young veteran, who has a record for bravery in the Spanish-American war.

Another old soldier and a civilian went to their aid.

ALIGHTS IN POND; AERONAUT DROWNS

GRAND RAPIDS, Wis., July 7.—Prof. Ehrhardt, balloonist, who made an ascension here was drowned after making his descent, having fallen into the Consolidated Water Power and Paper company pond.

He ascended five hundred feet but the balloon had a hole about four inches square in it, and when he had gone seven hundred feet from the place where he left the ground the balloon began descending.

He came down slowly and was unable to detach the parachute.

REWARD \$200 OFFERED

KENOSHA, Wis., July 7.—A reward of \$200 was offered Tuesday for the arrest of the alleged horse-thief who shot and wounded Chief of Police Owen O'Hara Sunday night. It is feared, however, that he has so effectively covered his tracks that capture will be impossible. Chief O'Hara is slowly recovering.

STREET CAR AND HORSES COLLIDE

The Market street car struck one of a team of horses belonging to A. Boss of Hohokah at noon Tuesday but the presence of mind of the driver in jerking the horse to the right prevented serious damage. The horses were coming down Market street and as the corner of Twelfth and Market streets was reached the owner of the horses turned the animals directly in front of the car. The motor-man applied the brakes but before the car could be stopped one of the horses had been struck.

2,500 WENT OVER TO PETTIBONE PARK MON

About 2,500 people passed over the wagon bridge Monday, July 5, to enjoy the day in lounging about in Pettibone park or fishing in the lagoon. This number shows a decided increase over the record of last year, and also indicates that the park is growing in popularity.

THAW TRANSFERRED TO NEW YORK JAIL

WHITE PLAINS, N. Y., July 7.—Judge Mills yesterday p. m. directed that Harry K. Thaw be transferred from the Matewan asylum to the White Plains jail. This is a victory for Thaw.

On application of Lawyer Morschauser, Judge Mills also agreed to take the testimony of ex-Governor Stone of Pennsylvania, who will testify as to the clearness of mind of Thaw relative to figures and facts in the Thaw bankruptcy proceedings which involved over \$500,000.

ANGRY MOB AFTER GIRL'S ASSAILANT

NATCHEZ, Miss., July 7.—A posse of 50 men are scouring the woods near here for a negro who attacked Miss Pearl Dorsey, 16. Miss Dorsey, with Miss Ethel Stokes, Ethel Fleming and Sallie Graves were picked ferns when they were accosted by the negro. They ran but stopped when the black threatened their lives. He seized Miss Dorsey, and her friends ran for help.

A desperate struggle took place in which Miss Dorsey's face and neck were badly bruised. Her screams finally frightened the negro away.

With accommodation for 500 persons, a huge ice store in Burton-on-Trent, England, is being made into a huge skating rink.

MINNESOTA AND THE NORTHWEST

SUSPECT SAYS HE HAS ALIBI

ABERDEEN, S. D., July 7.—Emil Victor, being held by Sheriff Anderson for the murder of the three members of the J. W. Christie family and the boy Michael Ronayne at Rudolph, ten miles from here, declares he is able to establish an alibi.

He asserts that on Saturday morning at the time of the murder he was eating breakfast in a hotel at Conde, and that afterward he rode to Northville, where he was arrested, and on the way talked to the conductor about the prospects of getting a job. He is hazy on some details of his story, but sticks to that.

The sheriff and his force and State Attorney Van Slyke have unearthed additional clues which they are following up, the additional evidence seeming to indicate that the crime was committed by a person who was familiar with the family and the surroundings of the place.

COURT ATTACHES C. M. & ST. P. ENGINE

SIOUX FALLS, S. D., July 7.—Judge Garland, of the United States court, has discharged the levy under which a deputy United States marshal, on Saturday, took possession of a locomotive belonging to the Chicago, Milwaukee & St. Paul Railway company, to satisfy a judgment awarded Mrs. Marie Westby, of Madison, by a federal jury for, a little more than \$6,000 for the death of her husband while in the employ of the railroad company.

The levy was discharged on the grounds that it was an illegal levy for the reason that the locomotive, when seized, was attached to a passenger train hauling United States mail, which was about to depart for Sioux City and Chicago.

The railway company now has perfected an appeal in the Westby case.

SHAM BATTLE ENDS IN PANIC

ORTONVILLE, Minn., July 7.—A sham battle on Lake Big Stone, which was to be the crowning feature of the Fourth of July celebration here, was brought to a determination more realistic than dreamed of when the fireworks on the launch Alpha caught fire and exploded. Firebrands fell all over the boat and upon other pleasure craft which were moored near by, and for a few moments a panic and loss of life seemed inevitable.

Fortunately only a few persons were on the boat, and of these only one, F. W. Sanborn, owner of the North Star boat line, was seriously injured.

MURDERER MISSES FRUITS OF CRIME

ABERDEEN, S. D., July 7.—The failure of the murderer of the Christie family and Michael Ronayne to search one bureau drawer deprived him of most of the fruit of his awful crime. The authorities discovered several hundred dollars in money, an insurance policy, deeds to property, etc., belonging to Christie, in the drawer that had been overlooked.

DIETHORN ARRESTED BY ST. PAUL EAGLES

ST. PAUL, Minn., July 7.—On the complaint signed and sworn to by Frank A. Ubel, worthy president of the St. Paul Aerie of Eagles, a warrant was issued by the county attorney's office for the arrest of John F. Diethorn, deposed secretary of the aerie. Two specific charges of larceny of \$50 and \$68 are mentioned in the complaint, but it is thought that only one will be pressed.

Mr. Diethorn declared that the charge was the result of spite work.

COMMITTS SUICIDE BECAUSE TOO FAT

MASON CITY, Iowa, July 7.—Because he was too fat, Stephen DuBoise, 43 years old, committed suicide at his home near Spencer. DuBoise was very corpulent and has worried so much of late over his fleshiness that he had become mentally deranged.

TRY TO FASTEN THE CRIME ON FARMHAND

ABERDEEN, S. D., July 7.—The authorities here are endeavoring to connect Emil Victor, a young farmhand now under arrest, with the murder last Saturday of Michael Ronayne and three members of the Christie family near Rudolph, S. D.

BELIEVE MAN MURDERED MINNEAPOLIS, Minn., July 7.

W. R. Colwell, who disappeared Friday night, is now believed to have been murdered somewhere along the river bank, between Minnehaha Falls and Fort Snelling, and his friends and the police are now searching the entire district.

POSTOFFICE RECEIPTS ARE \$10,000 MRE

The business of the local postoffice is continually increasing, the receipts of the last six months showing an increase of \$10,749.48. The receipts for the first six months of the year, 1908, were \$56,513.70, and the receipts this year were \$67,263.18.

Faint heart never won brunette lady, either.

MYSTERY IN DEATH OF MRS. DE LA MONTANYA

SAN FRANCISCO, July 7.—The police are today seeking an explanation of why Charles O. Wettemore, the Los Angeles railway magnate, and R. G. Hanford, the millionaire mine owner, did not tell the police sooner that they were in the apartments of Mrs. De La Montanya, divorced wife of Marquis de la Montanya, when she shot herself last Friday night.

According to the statements of the two men Hanford was in the dining room with Mrs. de la Montanya, mixing a drink. Wettemore was in the room adjoining talking to Mrs. Patton, Mrs. de la Montanya's friend. Hanford said he had a little German pistol in his pocket which felt uncomfortable. He placed it on the table, he said, and warned Mrs. de la Montanya not to touch it. Then he turned his back and a moment later heard a shot and saw the woman fall.

EARTHQUAKE CAUSE OF FALLING DOCKS

NEWPORT, Wales, July 7.—It was announced here that the government seismograph had recorded a slight earthquake here at the exact moment the docks collapsed Friday, when 38 persons lost their lives. The authorities believe this revelation accounts for the crumbling of the trenches here during the past week which none have been able to explain.

The residents fear that more casualties may follow in the train of the earth tremors.

SWOLLEN CREEK FATAL TO FIVE

ST. JOSEPH, Mo., July 7.—Swept from the bridge over White Cloud creek which had been increased to a torrent by a sudden heavy rain, Chas. Daniels and John Brewer, of

FOR EVERY HOUSEKEEPER

Easy Way to Rid the House of Cockroaches, Rats, Mice etc.

It is the easiest thing in the world to rid the house of rats, mice, cockroaches, waterbugs, etc., by using the old reliable Stearns' Electric Rat and Roach Paste, which has been on the market for thirty years.

It is ready mixed for use and as it is in paste form, there is no powder to blow away and get into food.

See that every package bears the signature of J. J. Kearney, and then you will get the genuine; the only guaranteed exterminator, the only one where your druggist will refund your money if it does not do the work.

Apply Stearns' Electric Paste at night, in sinks, pantries, etc., and in the morning you can sweep up a painful of dead cockroaches.

Use it where there are rats and mice, and after eating it, they will run out of doors to die.

All reliable druggists sell Stearns' Electric Paste; 2 oz. box 25c; 16 oz. box \$1.00, or sent express prepaid. Stearns' Electric Paste Co., Chicago, Ill.

EXCELLENT BILL AT THE AIRDOME

That open air vaudeville is the popular thing in the good old summer time is amply proven by the generous attendance at the airdome. The attendance last Monday night as well as last night was capacity house at each performance and an uniformly excellent bill is being served to the patrons.

Casey and La Claire in their true to nature depiction of tenement life hold the mirror to nature in a bit of realism that is interspersed with Irish humor and pathos.

Mr. Arthur Abbott has the honor of being the first English coter singer ever appearing here. He has the faculty of putting over his songs to make his audience fully grasp his points. His songs are new and were well received.

There are more varieties of bad luck than of any other one thing in the world.

GENERAL HUMIDITY IS RAPIDLY FORCING TARIFF DISCUSSION TO AN END

In Just Five Months WYETH'S SAGE AND SULPHUR HAIR RESTORER

Grew a Full Growth of Hair On a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

STEPHEN BACON, Rochester, N. Y.

STATE OF NEW YORK ss.

Stephen Bacon, being duly sworn, says that he has read the statement above annexed and that the contents of said statement are true.

STEPHEN BACON.

Sworn to before me this 31st day of July, 1909.

HENRY W. HALL, Notary Public.

The birthright of every man, woman and child—a full, healthy head of hair. If your hair is falling, if it is full of dandruff, or if it is faded or turning gray, it is diseased and should be looked after without delay.

WYETH'S SAGE AND SULPHUR HAIR RESTORER, a true Hair Tonic and Restorer, removes dandruff in a few days, stops hair falling in one week, and starts a new growth in a month.

IT IS NOT A DYE

and does not soil the skin nor injure the hair; but it is an ideal hair dressing that will restore faded and gray hair to natural color and keep the hair soft and glossy.
